INTRODUCTION

This is the fifty-fifth publication of the Annual Report on Co-operatives for Nova Scotia for the calendar year 1991 as by the Co-operatives Association Act required.

In 1991 the Co-operatives Branch joined the new Department of Economic Development and now reports to the Regional Development Division with Mr. Richard Butler, the Executive Director. The Co-operatives Branch has adopted a new mission statement, "The Co-operatives Branch will support, protect and encourage the Co-operative way of doing business. The Co-operative Branch will provide an efficient, effective administration of the Co-operatives Act and co-operative development initiatives by exceeding expectations of co-operatives, their members and the public for efficient, quality services, friendliness and co-operation".

To meet this revised mission the Co-operatives Branch, in addition to providing incorporation, registration and examinations of co-operatives provides a 1,000 item library, distributes over 40 publications, has over 60 video programs, delivers 22 management training programs and provides an advisory service on co-operative law and management.

In 1991 there are 278 co-operatives with 20 new co-operatives incorporated in 1991 and 14 co-operatives removed from the register. Sales have reached a record $535 million a $23 million dollar increase over 1990. Net income was over $5.4 million dollars an increase of $1.8 million dollars over 1990. Total assets at $275 million dollars show an increase of $13 million dollars over 1990. Members equity at $72 million dollars is an increase of $9 million dollars over 1990. These figures surpass all previous records for the past 51 years.

INTRODUCTION CONT'D

Following are the categories that have been assigned to each co-operative in this report.

CONSUMER

C-DC...DIRECT CHARGE
C-FS...FARM SUPPLIES
C-H....HOUSING
